

## Elle TENS Rental Terms and Conditions

1. The TENS machine is supplied on the understanding that it will be used only by the person whose name appears on the registration form (further referred to as the "Renter") and is not transferable between individuals.
2. The renter will have discussed the use of a TENS machine with the medical practitioner in charge of their care and will have received the practitioner's approval.

TENS cannot be used:

- On open wounds that would interfere with the placement of pads;
  - If Renter has history of epilepsy or seizures;
  - If Renter has a pace maker;
  - While laboring in water (but these are easily taken on and off before and after water use);
  - With an epidural or if Renter has an internal fetal monitor (external fetal monitoring is fine);
  - Before the 37th week of pregnancy (unless labor has begun).
3. TENS will be used following the instructions provided. Please view [this video](#) for reference.
  4. TENS can be placed on limbs during testing or practice after 36 weeks of pregnancy. Use can begin during early labour. Electrodes should not be placed on broken or inflamed skin.
  5. TENS units are to be kept away from water at all times. If you wish to have a bath, shower or enter your birthing pool, you must first turn off the TENS unit and remove the electrodes from your skin.
  6. Birth Beginnings shall not be held responsible or liable for any injury or damage sustained as a result of misusing the TENS unit.
  7. The success of TENS is in no way guaranteed.
  8. If the TENS becomes lost, stolen or damaged, Birth Beginnings will retain the \$60 security fee to replace the unit.
  9. All pieces of the original package MUST be returned, this includes expired batteries.
  10. The rental period is for 5 weeks (35 days). If your rental period expires before you have given birth, an extension can be accommodated at no extra cost if agreed prior to the expiry date of rental. Should the unit not be returned by the last day of the rental period (unless otherwise agreed with Birth Beginnings), an additional \$15 will be charged for each partial or full week the unit fails to be returned. If the TENS is not returned within 8 weeks of the original rental date the security deposit will not be refunded.
  11. The pickup and return of the TENS unit to Birth Beginnings rests with the renter.
  12. No refund will be provided after the TENS unit has been dispatched to Renter or for non-use of a machine.
